"A whole lot of people have asked me to seek the office of selectman. I am."

Here's Why

A lifelong resident of Mattapoisett, I have a great love for my town. I have served her continuously on numerous committees the better part of my adult life, most recently as General Chairman of our Bicentennial Committee. And never have I been prouder of my community as I was during the year-long occasion of our country's 200th Birthday.

For 25 years I have been Memorial Day Committee Chairman and for nine years Tri-Town Parade Committee Chairman. My other service has extended to participating on the Veteran's Park Committee and the care of veterans' graves for 14 years. For four years I served on the Town Sewer Committee, experience that I feel will serve the town well if I am elected as your new selectman.

Beyond those service already given, I can only express my wish to go on serving Mattapoisett. I can only promise to represent her citizens honestly and diligently. Therefore, I humbly ask for your vote in the April Town Election.

Sincerely,

Jack De Costa

SEWER ACTION APRIL 11

Mattapoisett voters will consider a ratification of an agreement with the Town of Fairhaven to connect with the Fairhaven sewer system and to jointly utilize that town's treatment facility. In the Mattapoisett Selectmen's discussion of the matter on March 1, the Special Town Meeting was tentatively set for April 5 but now has been definitely scheduled for 8 P.M. April 11 in order to allow more time for all of the necessary steps to prepare the meeting. This special town meeting will seek authorization for the Selectmen to borrow the money for the project and to approve grants which have been under application to finance the project. To inform the townspeople, Selectmen will hold a public hearing at the Town Hall conference

federal and state grants and also an explanation of the Fairhaven agreement.

Ron Michalski of Tighe & Bond met with Selectmen to discuss the upcoming series of steps and meetings. The Selectmen brought up the subject of a possible bicycle path to run from Depot Street to Mattapoisett Neck over the route of the sewer connector line. Mr. Michalski said that the possibility had been part of the early planning and that the gravel fill over the line would make a good bed for paving for a path. Various problems such as the river span and the erosion through the beach would have to be resolved. He said that he would contact the various agencies involved and report to the Selectmen at a later date.

Mr. William H. Quinlan, senior vice president of the Harbor National Bank of Boston, and Town Treasurer Allen Sherman entered the discussion with the engineer and Selectmen to examine the bonding for the sewer project. Mr. Quinlan had prepared a tentative outline of interest rates and esti-

Spring Reawakening

Editorial, D.C.J.

Each of us has a favorite retreat. This place, where nature furnishes an endless spectacle for the eye and great beauty for the spirit. This place, so full of meaning to the inner man that it is named in honor of noble dead. As the warming sun of March melts the last of the winter snow, the blessed earth once again appears and the roots near the surface stir to life and begin the cycle of Spring.

mates of cost for periods of 15 years and 20 years. These provisional estimates based on today's figures were for Federal and State anticipatory notes totaling $1,900,000. These notes would be short term borrowing for 120 day periods in order to meet construction obligations while awaiting grant reimbursements. The outline showed borrowing in a series of 4 steps of $475,000. each at an estimated interest cost of $14,464 for each period. Mr. Quinlan presented estimated figures for bonding over both 15 and 20 year periods for the $500,000 principal with a projected difference of $88,000 in interest between them. Mr. Quinlan said that he would be available to the Selectmen at any time that they needed assistance in bonding information.

The Selectmen discussed at length the method of dividing the assessment for the sewer line between general taxation and in betterment assessment and use charges.

Mr. Michalski will meet with Selectmen at their next regular meeting to present figures on the cost per foot of pipe for hook-up to the sewer line.

COASTAL ZONE REPORT

Ralph Eustis and Priscilla Hathaway, Mattapoisett representatives to the Buzzards Bay Coastal Zone Management Advisory Group, reported to the Selectmen on the activity of that group. Eustis said the program is very conservation minded and most changes that have been proposed are to include local viewpoints. He said that the State seems to be assuming a supportive role to see that natural coastal resources are protected against over development. He said that his initial concerns had been satisfied and that now "I can see no disadvantage to the program." He said that all Mattapoisett beach areas, recreation areas have been identified including undeveloped areas which should be preserved such as Eel Pond and marshland including that at Aucoot Cove. He said that discussion has included problems of conversion of summer homes into year round homes with the resulting pollution problems.

Priscilla Hathaway said that concerns about possible State acquisition of coastal land have been quieted by assurances that any such action will be locally initiated. Eustis concluded by saying that the program is a positive one for local communities and he can now see no disadvantage locally. Eustis foresees the future action for the town is to continue in the program as an ongoing group as a watchdog for local concern. He said that following a public hearing in Boston, proposals of each town will be submitted for federal approval and the State will receive funds for technical help.

Council on Aging

The Council on Aging has received the special tickets to the Mass. Horticultural Society Flower Show at Commonwealth Pier in Boston on Thursday, March 24th. The Council on Aging will pay for the bus, but all Seniors who wish to go must get their reservation in and buy their tickets as soon as possible. Half of the available tickets are already sold, and we know of many others who plan to go. Please telephone or come in to the Council on Aging office in the Town Hall any Monday or Wednesday between 10:00 A.M. and Noon to make reservations or purchase tickets. The bus will leave the American Legion Hall on Depot Street at 9:30 A.M. that Thursday and leave the Flower Show between 3:30 and 4:00 P.M.

The weekly mini-bus trip will not be to Worcester as previously planned, but to the Hanover Mall. The two reasons for this change are: 1) We do not wish to schedule such a long trip without being sure of getting more reservations than we have been getting; and 2) We think it best to avoid any possible risk of the minor illness that

O.R.R. Sports

The freshman basketball team finished off its season with a 14 wins and 5 losses record. The team won its last seven games, one of these coming against Seekonk by a 71 to 25 score and another was a 62 to 50 victory over Stang. Although they lost five games they played each team twice and when matched up with the teams which they lost a game to, they beat all five teams at least once.

Buttons Fernandes was top scorer for the year, averaging seventeen points a game. Tim O'Connor led the team in assists with an average of six per game and Carlton Cathcart averaged seven rebounds a game to lead the team in that area.

Coach Robert Hohne feels that this year's team is a good one to look for in the future. The team is well balanced and if allowed to develop the talent that is available then they

records in the District Nurse's files the Town of Mattapoisett had a Visiting Nurse as far back as 1917. At that time the nurse not only visited the sick but was the school nurse as well. This program was sponsored by the Mattapoisett Improvement Association, which paid the nurse's salary and any money collected by her was turned into the organization.

Around 1936 the Association, by inserting an article in the Town Warrant, requested help from the Town; whereupon $500.00 was appropriated. About 5 years later it was voted at Town Meeting to have the Visiting Nurse put under the jurisdiction of the Board of Selectmen. Thus it remained until 1963, when the combined role of Visiting Nurse and School Nurse was separated. In 1973 the Nurses were transferred to the Board of Health, from the Board of Selectmen, for legal reasons.

In 1966, the Agency was accredited to participate in the Medicare program with the title of Mattapoisett District Nurses.

The District Nurses have an advisory committee consisting of 11 members. This committee functions as an advisory group in Agency policies, decisions and in developing new practices. It serves as a co-ordinator between the Board of Health and the Agency, the Public and the Agency and between Medicare and other health personnel. The Advisory group represents the townspeople. A physician, a Board of Health member, a policeman, a physical therapist, a social worker, nurses, clergy and consumers are on the Board. A Medical Advisory Board consisting of three Mattapoisett physicians helps to formulate medical and emergency orders and policies.

To be continued

"MOVEMENT AND MIME II"

On March 16 and 17 at 7:30 P.M. in the Gilbert D. Bristol auditorium, the Old Rochester Regional Junior High School will present "Movement and Mime II"; involving some 50 young ladies in the art of mime, pantomime and body movement.

CONTRA DANCE AT "TRYWORKS"

On Friday evening, March 11, at 8:00 there will be a traditional New England contra dance at "Tryworks". "Tryworks" is located at the First Unitarian Church at Eighth and Union Streets in New Bedford. Martha Pline of New Bedford and Paul Englesberg of Marion will teach and call. They welcome beginners, singles, couples of all ages.

Music will be provided by John Heck and Steve Levalle. Contra dances are related to squares and Virginia reel and are danced to reels, jigs, and hornpipes from the British Isles and the U.S.

On the second Friday of each month, a dance is held at Tryworks. In February a group from the Cape Verde Folkloric Dance Association demonstrated several of their dances. On April 1, Mike Robbins will be the guest instructor. He will teach English Country dances.

A small fee is asked at the door to cover expenses and music each dance.

Loft School Registration

The registration period for the Loft School of Marion for the year 1977-78 is now open. The Loft is an independent co-operative nursery school with programs for three and four year old

The Loft, which is twelve years old, offers a program based on the belief that each child is an individual with his own personal pattern of development at which level he is encouraged. Guided by a staff of professional teachers, the child's environment is expanded through various programs of academic, social, creative and physical activities. These activities are designed to help the child develop a strong, positive image of himself.

The co-operative concept of the Loft eliminates the "profit motive" and places the best interests of the child as the most important goal of the school. This also allows parents to be directly involved in the school through a rotating mother-helper system which provides observation and helps parent-teacher communication.

For further information or application, contact Mrs. John Howard, 748-0709.
